Commencing on Tuesday 6 April we will be launching our "Reading Skills" program. Running every Tuesday, students will leave from the centre and head to Dee Why Library where we have a room booked for the program. They will end the day back at the centre.

We have a staff member with teaching experience running this program. A formal curriculum is being created and attendees will be able to work at their own pace to improve their reading and literacy skills.

If you are currently already attending on a Tuesday and would like to move to this new program just let Lynn or Simone know. Alternatively if you do not attend on a Tuesday but are interested in the new program just let us know.
