

BOTH SHORT & LONG TERM SUPPORTED ACCOMMODATION OPTIONS AVAILABLE

NDIS funding for Supported Independent Living (SIL) enables people with disability to live as independently as possible, within their chosen community. It is also sometimes referred to as supported accommodation, as participants share common areas and tasks such as cooking, cleaning and social interaction, as well as having their own personal room.

SIL funding allows you to be supported by a team of trained carers who understand your goals and support you to develop independence, as well as assisting you in your personal care requirements. This extends to supports that may be required overnight as well as transport and social outings.

SUPPORTED INDEPENDENT LIVING OPTIONS

TAKE THE NEXT STEP TOWARDS
YOUR INDEPENDENT LIVING GOALS

Models of SIL are usually designed to cater specifically for a group of residents (usually 3 to 4 people), however there are a number of alternative set ups that can be supported through SIL funding. We are happy to discuss these with you.

CatholicCare provides SIL services to residences at Woods Cottage in Lindfield and Manly House in North Manly – with plans to grow our accommodation options this year.

We also offer short-term accommodation options tailored to your independent living goals.
