Futures Dance Academy
The Entrance, Central Coast

NDIS funding
+ activity costs

Futures Dance Academy programs are for young people living with disability who are inspired by dance and performing arts. If you'd like to get involved in this art form in an active, guided and enjoyable way, this is for you!

You will benefit from small, personalised classes led by passionate, expert staff who have the skills to adapt traditional dance practice to match and develop your current level of ability. Your program includes new performing arts genres and a variety of learning activities. Each week you will be introduced to new ideas while consolidating those you have already learnt, providing lots of opportunities for both your personal growth and physical development. This program will combine song, dialogue, acting and dance to express your inner Broadway star.
